

## Case Study – New Build

### Client

London and Quadrant Group

### Project Name

Foundry Mews

### Duration

55 Weeks

### Value

£3,800,000

### Description

Design and build development comprising an innovative collection of 22 homes, featuring 16 apartments, 2 maisonettes and 4 townhouses, within one block and mews housing for shared ownership. Works involved site clearance, removal of existing foundations and redundant services ahead of construction in restricted site bounded by school and local library and landscaping.

### Award

### Testimonial

*Storm Building have proved over a short period of time that they are a very good contractor with the right client focus. I was extremely pleased with their work and attitude. They have even been nominated for awards by our staff and residents. I look forward to working with them on future projects.*

**Sidney Yanney,**  
*Development Manager,*
